

19th Annual Smith & Wesson International Revolver Championship

June 4-6, 2010

Hogue Action Pistol Range, San Luis Obispo, CA

Featuring

Hogue Challenge: Far & Near Standards returns to the IRC with a \$1000 cash award for a “zero” score. Standards will be shot as clock time instead of par time so the dreaded overtime shot is not a factor. Clock time means you have as much time as needed to get all your rounds on the targets. Standards will be shot in a regular rotation with colored X centers. All competitors scoring zero or minus on Standards will split the \$1000 prize.

The IRC welcomes our Premier Sponsors that have generously contributed cash in addition to merchandise.
