

**MATCH SERIES DIRECTOR...**My name is Vic Pickett and I currently hold the position of Match Series Director on the ICORE Board of Directors. I am asking for your vote so I can continue to serve the ICORE membership and the Board of Directors for the next 2 year term of 2010 to 2012.

The Match Series Director's responsibility is to promote, oversee and support the ICORE Regional matches held annually in the 8 regions of ICORE, including Australia. And assisting the host clubs setting match dates, locations, & times. Also overseeing that Prize Guns, Gun Certificates and promotional materials from S&W were sent to Match Directors. The MSD (Match Series Director) has the responsibility of acting as liaison between ICORE and the major sponsor of the Regional Match Series, Smith & Wesson.

In 1998 I was appointed to the newly formed ICORE Board of Directors as Match Series Director. Prior to my appointment Ken Jorgenson from Smith & Wesson, and I drafted a formal plan for ICORE to hold a series of ICORE Regional Championships. The concept was discussed in the past and with the support of Ken from Smith & Wesson and the California Wheelburners it became a reality. S&W would be the major sponsor for the series, along with other companies in the gun and accessories industry offering their support. Since that time I have maintained the position of MSD on the ICORE Board.

I am fortunate to have been in a somewhat unique position to fulfill the duties of MSD. Due to the fact that I have been sponsored by ADCO, and attended the SHOT Show and the NRA conventions on their behalf yearly, it made it easy to schedule and meet with S&W to discuss their ongoing major sponsorship of the Regional Match Series. Smith & Wesson's generosity and sponsorship over the past 11 years of the Regional matches has been overwhelming. Keep in mind in past years I have been directed by the Board of Directors to also act as liaison between ICORE and S&W to meet and solicit sponsorship for the International Revolver Championship, and coordinating with the different IRC Prize committees. In general Smith & Wesson's sponsorship of the IRC and the Regional Match Series has been over \$600,000.00!

In the next 2 year term, I would support some changes to help ICORE grow and continue to being the leader when it comes to promoting safe, fun, revolver competition. I would like to see:

- An additional European Region formed.
- Greater support for ICORE Australia.
- Additional ICORE support for all the Regional Championships.
- ICORE State Championships.
- More incentives for junior shooters.
- More incentives for new ICORE clubs to be formed.
- An additional Board position of Press/Media/Advertising Director.
- An ICORE National Championship event in addition to our International Revolver Championship.
- To complete and implement a Range Officer Program.

- Assistant Range Master for USPSA Area 2 Championship for 6 years.

- Competed in 17 International Revolver Championships.
- Competed in 7 Steel Challenge World Shoots.
- Competed in 8 American Handgunner World Shoot Offs.
- Competed in Local, State, and Sectional events for 22 years.

I ask for your support, so I can continue to serve our membership & Board of Directors as Match Series Director. Having the opportunity to be involved with ICORE has been a large part of my adult life and it's a blessing. I will always treat it as such.

Regards, Vic Pickett
